

## **iLuv Offers Premium Leather Wallet Cases, Jstyle Series, for The Brand New iPhone 6s and iPhone 6s Plus**

**Port Washington, NY – October 13, 2015** – [iLuv Creative Technology](#) introduces premium leather wallet cases for iPhone 6s and iPhone 6s Plus which launched in the market today. Jstyle Series was designed to add luxury style to your protective wallet case with more valued features and premium leather material.

“As smartphones have become extensions of personality and fashion, the demand of chic protective cases in the market has grown,” said Edward Gleason, VP of Sales and Operation at iLuv. “Utilizing premium quality Saffiano leather of handbags and wallets, iLuv added the high level of craftsmanship into the construction of Jstyle wallet cases, combining luxury and style with practical functionality.”

Nowadays the most notable designers craft bags are made from textured Saffiano leather since it is a durable and practical material which is easy to clean. Jstyle series allows people to express their sense of style with the attractive Saffiano leather material, the sophistication of design, and its great usability.

As a wallet case, the Jstyle series features two flaps that contain eight to ten credit card slots, one ID window and two to three large pockets. The design of the flaps allows you to keep them concealed when you check your phone or make a call, preventing others from seeing the contents of your wallet. Additionally Jstyle Gala has one internal pocket with zipper for coins and other valuables. 3 big pockets in Jstyle Gala for iPhone 6 Plus even allows you to hold money unfolded.
